

## Friday 1<sup>st</sup> May, Year 5

Hi, everyone! Hope you are all ok.

This week, we are going to be using more online lessons. During our phone calls, I'll ask you how you're getting on with this slightly different way of home learning, and what you think of it!

### English

<https://www.bbc.co.uk/bitesize/articles/zf3492p>

Click on the link above and watch the online lesson from BBC Bitesize (understanding and using alliteration).

Then, complete the three activities from BBC Bitesize in your book.

I'd love it if you completed the extension activity, too!

### Maths

Click on the link to take you to today's maths lesson –

**Lesson 1: Adding decimals with the same number of decimal places**

<https://whiterosemaths.com/homelearning/year-5/>

- Watch the video clip.
- Then, click on "Get the activity". You can either print off the work (if you have a printer), or just write the answers in your home learning book.
- When you're done, click on "Get the answers" and check your work. How did you get on?

## **Extras**

Don't forget to read!

Practise your times tables – look at <https://www.timestables.co.uk/games/> and create a free account.

Log onto NumBots and Times Table Rock Stars.

Work on your Topic and Science activities (sent every Monday).
