

Coronavirus – Latest Information

Ivingswood Academy is committed to ensuring we follow the guidance given by the Department for Education in relation to Coronavirus, in addition to robustly delivering in our duty of care and preventative measures.

How can you stop coronaviruses spreading?

If you need to cough or sneeze

Catch it with a tissue

Bin it

Kill it by washing your hands with soap & water or hand sanitiser

You should wash hands with soap & water or hand sanitiser

After breaks & sport activities

Before cooking & eating

On arrival at any childcare or educational setting

After using the toilet

Before leaving home

Try not to touch your eyes, nose, and mouth with unwashed hands

Do not share items that come into contact with your mouth such as cups & bottles

If unwell do not share items such as bedding, dishes, pencils & towels

Self-Isolation:

The most recent advice given states that anyone with a **new persistent** cough or high temperature is advised to self-isolate for seven days, as the UK government moves to the "delay" phase of its plan to tackle coronavirus. Please call the school and inform of us of these symptoms immediately so we are fully aware of any new, suspected cases of Coronavirus.

Hand Cream:

We appreciate the increased hand washing has led to some children having skin irritation. If you feel it is necessary for your child to have access to hand cream to alleviate symptoms can you please name your child's hand cream and give them to your child's class teacher. These creams cannot be shared amongst friends or contain any traces of nuts (such as almond milk).
