

Wednesday 17th June 2020

Good Morning Reception Class,

Today I would like you to think about counting on 1 more. We have practised this in school by using counters and cubes but at home you can choose anything you like e.g. pasta, toys, pens etc. So with a grown-up choose an number of objects from 1-20 and then add one more. What is your new number? Count on in your head or use your number line to help you. Repeat starting with different amounts and add 1 more.

Here is a song to help you use a number line to find the number that is one more.

Now go to <https://whiterosemaths.com/homelearning/early-years/> and choose Summer Term Week 8, Day 3 activity. Today you are going to make a list of ingredients to make a cure for the Princess.

Today there will be a separate sheet about our topic for this week and ideas for activities you can do at home to learn even more about zoo animals.

Right time to burn off some energy! Go Noodle!

Follow the link bellow and show your family how to Go Noodle!
