

Wednesday 1st July 2020

Good Morning Reception Class,

Today is the start of a new month. The month of July. I would like you to sing our months of the year song. The one we march to like soldiers. "There are 12 months in the year, 12 months in the year, 12 months in the year and we know all their names! January, February, March-we know! April, May, June-we know! July, August, September-we know! October, November, December-WE KNOW!"

Now go to <https://whiterosemaths.com/homelearning/early-years/> and choose Summer Term Week 10, Day 3 activity. Today you are going to be thinking about how many more vegetables Oliver has planted by counting on.

Today there will be a separate sheet about our topic for this week and ideas for activities you can do at home to learn even more about creatures that live in the sea.

Right time to burn off some energy! Go Noodle!

Follow the link below and show your family how to Go Noodle!

<https://family.gonoodle.com/>

See you again tomorrow

Mrs Allen, Mrs Beulah and Mrs Parry
