

Thursday 9th July 2020

Good Morning Reception Class,

Today I would like you to listen to the story of Harry and the Bucketful of Dinosaurs by Ian Whybrow.

Harry loves his bucketful of dinosaurs and is heartbroken when he loses them because they are so special to him. What would you like a bucketful of? In your books I would like you to draw your bucket and inside your bucket draw whatever you would wish for. Would it be a bucketful of knights? Or unicorns or dragons or pixies or even minions? What would be in your bucket. Draw and label it for me.

<https://www.youtube.com/watch?v=uWoopkMgLqM>

Now go to <https://whiterosemaths.com/homelearning/early-years/> and choose Summer Term Week 11, Day 4 activity. Today you are going to be thinking about sharing passengers out between rockets so that everyone can have a ride into space.

I would like you to find a storybook at home that you enjoy reading and ask a grown-up to read it with you. See if there are any words that you recognise that you could read. Most story books will have some words that you can sound out. If not just sit back and enjoy being read to!

See you again tomorrow

Mrs Allen, Mrs Beulah and Mrs Parry
