

Tuesday 14<sup>th</sup> July 2020

Good Morning Reception Class,

Summer is in full bloom and we are surrounded by wonderful smells, sounds, tastes, sights and things we can touch that tell us it is summer! Today I would like you to go on a summer walk and look for signs of summer using all your senses. When you get back record what you have seen, smelt, heard, touched or tasted in your book. Only taste things your grown-up says are ok to taste!

Now go to <https://whiterosemaths.com/homelearning/early-years/> and choose Summer Term Week 12, Day 2 activity. Today you are going to order animals and insects in groups according to the number of legs they have.

Let's sing our number song together. You should be really good at this counting song by now!

For today's exercise I would like you to do the Dinosaur Stomp!

Have fun!

We will see you again tomorrow

Mrs Allen, Mrs Beulah and Mrs Parry
