

Hello Year 2.

Welcome to another week, I am missing you all very much and I wonder if I will recognise you when we see each other again as I expect you have all grown and maybe you have different hair too! I am still trying to do Joe Wicks every day and eat healthy food but sometimes I accidentally eat pizza!

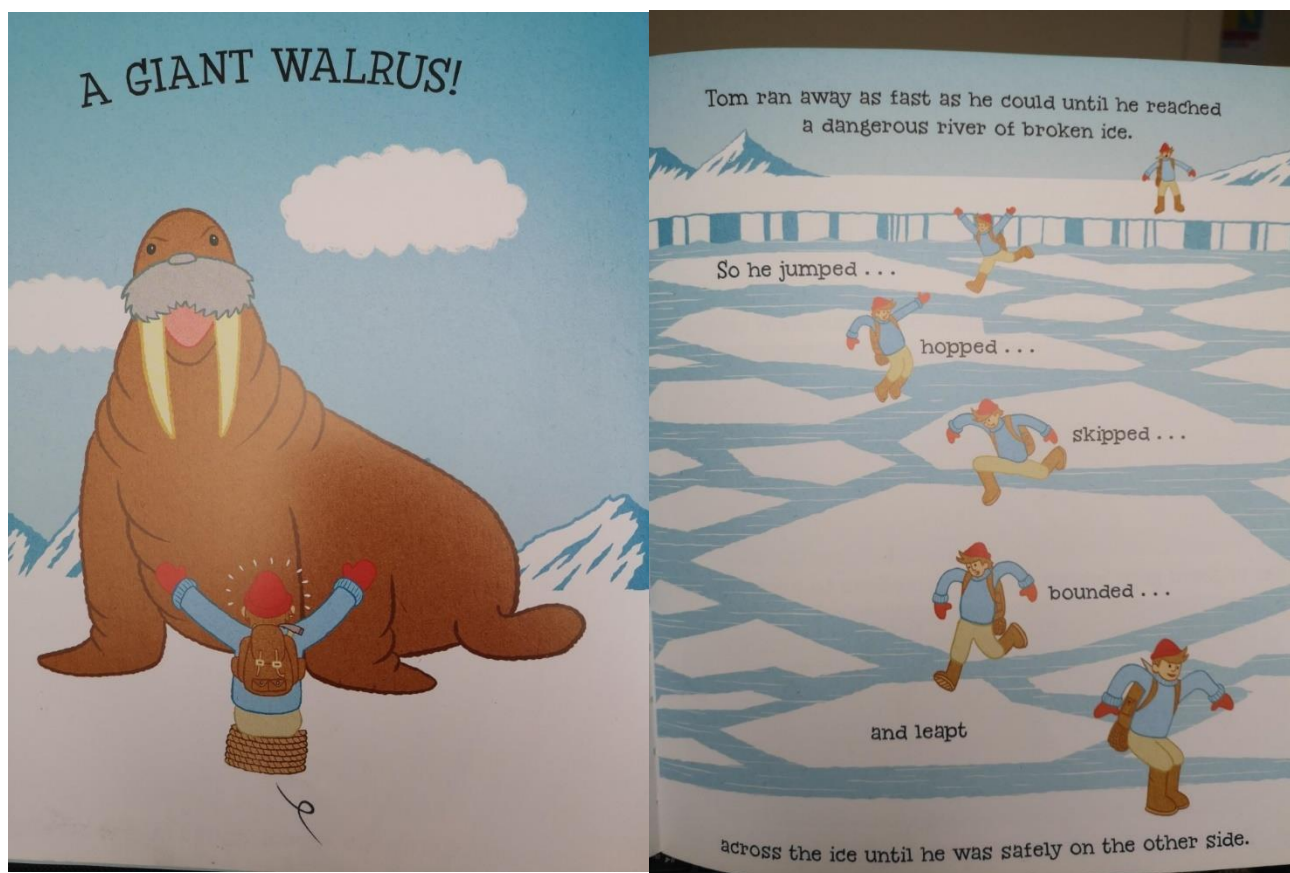

Your answers for the maths from Friday is on a separate sheet on the website or in your email.

Today in maths we are going to move onto number work by looking at fact families. Please do as little or as much of the activities as you want to as there is quite a lot. The maths activities are on separate sheet to this but the link for today's video is here...

English

Read the next two pages of the story and have a go at today's activity.

Activity

Did you expect to see a giant walrus? What a great surprise that must have been for Tom.

As you can see Tom managed to get away by jumping along a river on broken ice.

Today I would like you to draw out a river of ice as a map and add words which describe how Tom could move over it, you could use some of the words from the book and then add words like crawled, wiggled, bounced etc.
