

Hello Year 2,

I was quite poorly last week, and I realised today that I made a mistake in my message yesterday. I forgot to tell you it was Hippo's that have pink sweat not pink milk!!

Have you found out any interesting facts? Did you think they were true or false? I have tried to get some information about Antarctica, it is very cold there as you know but the coldest temperature ever recorded on Earth was - 89.2 Celsius on 21st July 1983. Brrrrr!

I want to reassure you and your families not to worry if you miss some work or find something tricky, we will be going back over all of the important parts of maths and English for Year 2 before thinking about Year 3 work. If there is anything you want to ask me or are concerned about, please let me know and I will do **everything** I can to help you. I will be in school most Mondays and every Tuesday and Wednesday and I will be phoning on Thursday's and Friday's.

Chesham is an interesting place, here is a photo of somewhere in Chesham. Do you recognise this place? Have you been here lately? Do you know where it got its name from?

Maths

Today's lesson looks at odd and even.

Can you remember how we know if something is odd or even? We count in twos, if the number ends in 0,2,4,6 or 8 then it is even. If it ends with 1,3,5,7 or 9 then it is odd.

English

Today we are going to look at two videos about Captain Scott and his adventure. I would like you to watch this today and make any notes using bullet points, we have done this before in class, remember you just write short facts, not whole sentences. So instead of writing Captain Scott went to Antarctica on a boat called Terra Nova you would write it like this

- Boat - Terra Nova
