

## Thursday 21st May

I do hope that you are all keeping well and cool in this heat. I also hope you have managed to drink plenty, have an ice-lolly and had some outside fun. I know that it is difficult that you can not do everything that you would like to now; such as meet up with friends and family, but it is the best thing to do for now. I am missing seeing my mum and dad and brothers, but I must follow the government rules to keep me, my family and the school community safe.

We will be together again when it is safe to do so.

### **English**

Today we are learning how to use coordinating conjunctions. You have used some conjunctions before such as: because, and, so, and but. Watch the clip from the link below to learn all about these conjunctions – they are an expected part of the Year 3 curriculum, so we need to be able to use them correctly in our writing.

### **Maths**

Today we are dividing two-digit numbers by one. I know, from my calls, that the multiplication went well yesterday and I am very proud of you all. Well done. Follow the link below to watch the video to learn how to divide and then complete the sheet into your workbook.

Take care,

Mrs C Flynn 😊
